

SmartHub Diagnostics - DFD Level 1 (Gane-Sarson)

Decomposition of Process 0: SmartHub Diagnostic App

Level 1 interpretation (Gane-Sarson)

This Level 1 diagram decomposes Process 0 (SmartHub Diagnostic App) into five major internal processes. External interaction remains centered on Technician input/output, while internal stores keep accounts, history, AI memory, and evidence files. Main user-visible outputs remain: Diagnostic Result and AI Conclusion.
